## The Story of a Medicine.

Its name—"Golden Medical Discovery"—was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, as generally employed. So the now world-famous "Golden Medical Discovery" for the cure of weak stomach, indigestion, dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its makeup.

A glance at the list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strictest endorsement from the leading medical experts, and are pure and genuine.

After you have read the list of ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strictest endorsement from the leading medical experts, and are pure and genuine.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above.

From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hanging-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will.

It will cure the affections that lead up to consumption, if taken in time.

## The Musical Authorities Agree:

1. That the Pianola is an artistic instrument deserving the hearty support of all serious musicians.
2. That the Pianola is vastly superior to any of the other Piano-players.

AGAINST the unmistakable evidence of the Pianola's universal supremacy can be set up only the mere "say-so" of competing manufacturers or their agents. Those who have made music a life study, and are in reality competent to speak on musical matters, unite in confirming the Pianola's musical and mechanical superiority.

The great public, too, has spoken in the terms of loudest praise, for more Pianolas have been sold than all other makes of Piano-players combined.

And the very hour that you place a Pianola or Pianola Piano in your home you can play any piece with the skill of the long-experienced musician.

The Pianola is the only Piano-player that has the Metro-style and the Themodist.

We are sole agents for the Pianola in this vicinity. We will take your old Piano at a fair price in part payment for the Pianola. Easy monthly payments. Prices, \$500 up.

## Many Makes of Pianos Are Here

They are quality Pianos that meet the closest, most thorough tests of the professional musician, and the amateur. These Pianos are prized more each year they remain in the home. Note the various makes:

Besides the largest assortment of new Pianos to be found in the South, we have slightly used Pianos for sale. Lowest prices prevail. Easy monthly payments can be had if desired.
